Re: Follow up California Public Records Act (CPRA) request 019-030

Dear Brenda,

I am following up on the California Public Records Act request (attached) and originally submitted on March 4, 2019. You previously indicated that it would be fulfilled by April 25, 2019 (your letter is also attached), and it has not been. Furthermore, there have been at least 12 additional emails for which I have not received any response. I have also cc your supervisor Daniel Lowenstein, MD on 05/03/19. I have also called your office number and left a voice message. I have received no response.

Muckrock support called you on or around July 10th and spoke to your office. They stated that you would give a new estimated completion by the beginning of the following week. However as of July 31st, they had not hear back from you.

I would like to remind you that UCSF has a statutory obligation to, among other things, respond to requests within the time limits set forth in Government Code § 6253(c); refrain from "obstruct[ing] the inspection or copying of public records" (Gov't Code § 6253(d)); and "assist the member of the public [to] make a focused and effective request that reasonably describes an identifiable record or records" (Gov't Code § 6253.1(a)).

I do appreciate your efforts in this regard and look forward to reviewing these records very soon.

Sincerely,

A handwritten signature in cursive script that reads "Michael K Laidlaw, M.D.".

Michael K. Laidlaw, MD
